Cowlitz County Board of Commissioners

Attn: Clerk of the Board

207 Fourth Avenue North

Kelso, WA 98626

Dear Clerk of the Board,

Please find attached questions that Feeney Wireless and our partners have in reference to the "Cowlitz County Sheriff Mobile Data Project". We thank you for the opportunity to respond to this Request for Proposal.

Sincerely,

A handwritten signature in black ink that reads "Gary W Amundson".

Questions from Feeney Wireless for "Mobile Data Project Cowlitz County Sheriff's Office" RFP

- 1) It is our understanding that the grant which is funding this project does not allow reimbursement for monthly cellular service charges. If our company includes the cellular service as part of the equipment cost in our RFP response, will the County later accept separate invoices from us and from our partner who will be providing the cellular service?
- 2) In regards to the server hardware that will be used for our software solution, will the County provide the required server hardware or will that be the responsibility of the chosen vendor? If the County will provide the server hardware, is there currently hardware available or shall the vendor provide minimum specifications required for the server?
- 3) Will the system for application session persistence need to provide dynamic load balancing and failover?
