SOME SUGGESTIONS FOR SELF-PROTECTION:

1. You and your children should be continually aware of who is around you. If they are unfamiliar to you, don't put yourself in jeopardy.
2. Be aware of where your children are. Try to establish a time share child watching effort for children playing in the neighborhood.
3. Establish neighborhood safe havens for children as well as adults.
4. Urge your children to play in the area of other children, and caution them to not go anywhere with strangers.
5. Plan methods of escape, routes of escape and methods of self protection
